Subject: 2016/93338 79 Hall Ing Lane, Honley

Hi Beatrice

The amended access point will reduce any impact on the protected trees so I now have no objection the proposal. However, if this outline proposal is approved can we have a foot note on the decision notice to highlight that the reserved matters application will need to be supported by a Arboricultural Impact Assessment and Method Statement, in accordance with British Standard BS 5837.

Thanks

Joe
