This application seeks outline approval for erection of 3 dwellings and demolition of existing dwelling at 79 Hall Ing Lane, Honley, Holmfirth.

The applicants have provided revised plan number 16-D07-02 rev A which shows the location of the access to the southern plot amended with the proposed driveway relocated approximately 3 metres to the south when compared to the previous proposals.

This amendment is considered acceptable and highways have no wish to change our previous comments.

If planning is minded to approve this application the following conditions should be attached to the Decision Notice.

Layout and parking

Notwithstanding the details shown on the approved plan 16-D07-02, no development shall take place until a scheme detailing arrangements and specification for layout and parking have been submitted to and approved in writing by the Local Planning Authority. Before any building is occupied the development shall be completed in accordance with the details shown on the approved plans and retained thereafter.

Reason: To ensure a suitable access and layout in the interests of highway safety.

Access Sightlines to be provided

Before development commences, the sightlines of 2.4m x 43 metres shall be cleared of all obstructions to visibility exceeding 1 m in height and these shall be retained free of any such obstruction.

Reason: To ensure adequate visibility in the interests of highway safety.

Footway to be provided

Notwithstanding the details shown on the approved plan, the development shall not commence until a scheme detailing the provision of a 2m wide footway to the frontage of the development site, construction specification, surfacing, drainage and kerbing and associated highway works has been submitted and approved in writing by the Local Planning Authority. The development shall not be brought into use until the approved scheme has been implemented and thereafter retained throughout the lifetime of the development.

Footnote;

The granting of planning permission does not authorise the carrying out of works within the highway, for which the written permission of the Council as Highway Authority is required. You are required to consult the Design Engineer (Kirklees Street Scene: 01484 221000) with regard to obtaining this permission and approval of the construction specification. Please also note that the construction of vehicle crossings within the highway is deemed to be major works for the purposes of the New Roads and Street Works Act 1991 (Section 84 and 85). Interference with the highway without such permission is an offence which could lead to prosecution.
