

Consultation Response: Kirklees Council Conservation & Design (Biodiversity)

Date	<i>06/12/2016</i>
Officer responding	<i>Tom Stephenson</i>
Application number	<i>2016/93702</i>
Purpose	<i>Review of submitted ecological information, pre-determination</i>
Location	<i>The Lodge, 34, Daisy Lea Lane, Lindley, Huddersfield, HD3 3LP</i>

Assessment and Recommendation

The submitted ecological information provides an assessment of the buildings on site for potential to support roosting bats, and concludes that a number of the buildings have potential. However, no activity survey has been submitted which would determine the presence/absence of roosting bats. This information is required prior to determination.

On this basis I cannot support the proposals and recommend refusal on the basis of insufficient information.
