

Legend - CDM Residual Risks	
Key Hazard	Residual Risk
CDM4	Temporary edge protection required prior to installation of lift door.

**General Notes**

- Any areas indicated on the plans are approximate. They relate to the likely areas of the building at the current stage of the design. Any decision to be made on the basis of these indications, contractual agreements or the like, should include due allowance for design development and building tolerances. Plans are subject to Building Control and other statutory approvals.
- Any structural services or fit out details shown is for coordination only. Refer to relevant consultant / client information for full details.
- Refer to Bim Design NBS for full outline performance specification of architectural elements.
- All external envelope construction, insulation specs, number and size of opening lights and size of louvers are subject to verification by internal / external mode and detail coordination with the relevant consultants.
- All FF&E (greyed out) shown is indicative only. Refer to dedicated FF&E drawings for full information.
