Hi Laura

Given the previous permission on site, I've no objection to this proposal providing we have an condition that any additional tree work identified during the construction process is approved in writing by the LPA. Suggested wording:

Details of any additional tree works required during the construction process, that is not identified within the submitted information, shall be submitted to and approved in writing by the Local Planning Authority prior to the work being carried out. The works shall thereafter be carried out in complete accordance with the approved details. Reason: To protect trees in the interests of visual amenity and to accord with the requirements of Policy NE9 of the Unitary Development Plan.

Thanks

Joe
