Hi Matthew,

In my previous response dated 25 July 2017 (see attached) I recommended condition CLC3 Submission of a Remediation Strategy.

The Remediation Statement / Validation Proposal attached to your email is sufficient to comply with Condition CLC3 and therefore this may be removed from my response.

CLC4, CLC5 and CLC7 will still be required.

Do you need me to amend my response or will this email suffice?

Kind regards

Michael,

In response to your consultation response concerning application 2017/91677, the applicant has submitted a remediation strategy. Are you able to consider this and provide comments?
