Subject: BARN HEALY FARM HEALY LANE BRIESTFIELD WF12 0NT

Dear Katie Wilson,

Further to our telephone call today ,I have spoken with the Farmer Mr Worsley who as stated the following information.

He farms 70 acres of his own land

Five members of the family work on the farm plus three casual labour.

They have 290 beef cattle and 75 sheep.

The barn will house Hay/Straw and sugar beet

This produce needs to be under cover for late August so if possible we would like an early decision, in order to program the erection and delivery of the barn

Best wishes

Brian Hill
