

Planning (Listed Buildings and Conservation Areas) Act 1990

LISTED BUILDING CONSENT

Application Number: 2017/65/92261/E

To: Simon Cornell,
Acropolis Design Ltd
3, Cluntergate
Horbury
Wakefield
WF4 5AF

For: Acropolis Design Ltd

The KIRKLEES COUNCIL hereby give notice that LISTED BUILDING CONSENT has been granted for the execution of the works referred to:-

LISTED BUILDING CONSENT FOR CONVERSION OF EXISTING CHAPEL TO
FORM ONE DWELLING

At: ZION UNITED REFORMED CHURCH, BARNSELY ROAD, FLOCKTON,
HUDDERSFIELD, WF4 4DP

**In accordance with the plan(s) and applications submitted to the Council on
06-Jul-2017 subject to the condition(s) specified hereunder:-**

1. The development shall be begun not later than the expiration of three years beginning with the date on which consent is granted.

Reason: Pursuant to Section 18(1) of the Planning (Listed Buildings and Conservation Areas) Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and so as to ensure the satisfactory appearance of the development on completion, in the interests of the significance of the heritage asset and to accord within the National Planning Policy Framework.

3. No development to take place within the area indicated until the applicant, or their agents or successors in title, has secured the implementation of a programme of architectural and archaeological recording. This recording must be carried out by an appropriately qualified and experienced archaeological consultant or organisation, in accordance with a written scheme of investigation which has been submitted by the applicant and approved in writing by the Local Planning Authority

Reason: To ensure that the development conserves the character and significance of the Listed Building and to accord the aims of chapter 12 of the National Planning Policy Framework – Conserving and enhancing the historic environment. This is a pre-commencement condition in order to ensure that appropriate recording is taken place prior to any development at that site which may result in the loss of historic significance.

4. No development shall take place until details of the pews to be retained and their subsequent location within the building following conversion have been submitted in writing to and approved by the Local Planning Authority.

Reason: To ensure that the development conserves the character and significance of the Listed Building and to accord the aims of chapter 12 of the National Planning Policy Framework – Conserving and enhancing the historic environment. This is a pre-commencement condition in order to ensure that adequate details are submitted prior to any development at that site which may result in the loss of historic significance.

Note: Details of the necessary archaeological work, in the form of a specification, will be provided to the developer on written request, by the WY Archaeology Advisory Service in our capacity as Kirklees Planning Department's advisors on archaeological matters. The WY Archaeology Advisory Service will also be responsible for monitoring the work of the archaeological contractor commissioned by the developer to undertake this work, on behalf of the Planning Authority.

Plans and specifications schedule:-

Plan Type	Reference	Version	Date Received
Location Plan			03/07/2017
Site plan	A(10)-004		03/07/2017
Design and Access and Heritage Statement			03/07/2017
Existing floor plans	A(10)-001		03/07/2017
Proposed floor plans	A(10)-003		03/07/2017

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application.

Negotiations have taken place over impact on the character of the listed building and the significance of the proposed alterations. These discussions led to the submitted plans which accurately mirror those negotiations and are felt to be acceptable.

Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Contact Building Control on Tel No: (01484) 221550 for more information.

It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.

Details Reserved by Condition

- This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording “submitted to and approved in writing by the Local Planning Authority”.
- You can apply online for approval of these details at the Planning Portals website at www.planningportal.gov.uk. Alternatively the forms and supporting guidance for submitting an application can be found online at www.kirklees.gov.uk/planning.
- This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.
- You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.
- It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.
- If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning condition is a pre commencement condition.

Development within a Coal Mining Area

The proposed development lies within an area that has been defined by the Coal Authority as containing potential hazards arising from former coal mining activity. These hazards can include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and previous surface mining sites. Although such hazards are seldom readily visible, they can often be present and problems can occur in the future, particularly as a result of development taking place.

It is recommended that information outlining how the former mining activities affect the proposed development, along with any mitigation measures required (for example the need for gas protection measures within the foundations), be submitted alongside any subsequent application for Building Regulations approval (if relevant). Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant safety and engineering risks and exposes all parties to potential financial liabilities. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should wherever possible be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design is developed and agreed with regulatory bodies which takes into account of all the relevant safety and environmental risk factors, including gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:

<https://www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries>

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, digging of foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

Property specific summary information on past, current and future coal mining activity can be obtained from: www.groundstability.com or a similar service provider.

If any of the coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at: www.gov.uk/government/organisations/the-coal-authority

The application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

If the applicant is aggrieved by the decision of the Local Planning Authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he/she may, by notice served within six months of the date of issue of this notice, appeal to the Secretary of State for the Environment in accordance with Sections 20-21 of the Planning (Listed Buildings and Conservation Areas) Act 1990. Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>. You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require. The Secretary of State has power to allow a longer period for the giving of a notice of appeal and he will exercise his power in cases where he is satisfied that the applicant has deferred the giving of notice because negotiations with the Local Authority in regard to the proposed works are in progress.

Please note, only the applicant possesses the right of appeal.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Dated: 24-Aug-2017

Signed:

Naz Parkar
Strategic Director Economy and Infrastructure

Decision Documents

The decision notice indicates which documents relate to the decision. These documents can be viewed online at the Planning Services website at www.kirklees.gov.uk/planning, and by clicking on the 'search and view existing planning applications and decisions' and by searching for application number 2017/65/92261/E .

If a paper copy of the decision notice or decided plans are required please email planning.contactcentre@kirklees.gov.uk or telephone 01484 414746 with the application number. There may be a charge for this service.

All communications should be sent to one of the following address:
