Hi John

The information provided is not sufficient to discharge condition 10 of the previous permission 2014/93008. The condition requires a landscaping scheme to show the measures for protection of retained trees, in particular the protected trees, and details of new planting.

The submitted plan shows trees to be retained (4) and removed (4) however there is no information regarding protecting the retained trees, in particular the offsite protected trees, and no information regarding new planting.

Can you ask for more information and I will review again?
Thanks
Nick
