What is the application for?:	Outline permission for residential development and facilitating engineering oper
Address of the site or building:	Land at Walkley Terrace and Brunswick Street, Heckmondwike
Postcode:	

## User comments

Type of comment: An objection
<p>This is just a re-hash of the previous posted application. Heckmondwike does not need a railway cutting filled in with someone else's rubbish. It does not need a huge housing development in an already overcrowded area. Without going into the dirt and disruption a building site would cause, it doesn't appear that consideration has been given to the surrounding area. Surrounding roads are narrow and congested with parked cars. Access to and from the site would need to be in several places but where would they feed into. How will access to the main road through Heckmondwike be accommodated when this is already a bottleneck.</p> <p>Where are the primary schools to take the children of the homeowners, where are the doctors and the dentists? Please refuse this planning application. It will do nothing for Heckmondwike.</p>
