

Please stop the destruction of Heckmondwike railway line, there is no more space in Heckmondwike for the cars which will come if these houses are built, Heckmondwike is already like a car park every dinnertime and tea time it is always grid locked and you want to add to that !!!

it will be disastrous

- more congestion in Heckmondwike
- noise from the site
- pollution
- lack of school places locally
- loss of green space
- environmental impact

TOTALLY GRID LOCK THE TOWN !!

A VERY WORRIED RATE PAYER
