

I wish to place an objection to the planning reference 2018/91661 i am against the proposal for a number of reasons

1. it will cause a lot more congestion in an already overcrowded heckmondwike town centre
2. there will be an huge amount of noise from with massive trucks rumbling through quiet streets and piling machines
3. Pollution to air caused by huge amounts of dust
4. There will be huge pressure on local schools to provide more places and there already overcrowded
5. There will be a loss of green space for people to exercise there dogs
6. The impact on the envoirement will be huge there are already issues with flooding on walkley lane and the greenway and extra pressure on the local sewage system
7. The initial impact of boy racers and gangs on the road which will initially be built will cause pressure on the local police
8. The possibility of a reduction in house prices because of all the upheaval
