

To: Planning ContactCentre
Subject: Objection

I am writing to object to the application no "2018/91661" to build 74 new homes on the Railway Cutting in Heckmondwike.

The reasons are because.

Too much traffic already coming through Heckmondwike.

The impact of flooding in the surrounding areas.

Problems with trying to get local children in to their local school of choice.

Pollution.

Noise.

Wildlife.

Making an already heavily congested area,unbearable.

Thanks
