Reference: 2018/91661 I am against the proposal for several reasons; <ul style="list-style-type: none">• The traffic in the area is already heavily congested and the addition of more cars using the roads behind the Grammar School and Cawley Lane will only cause more issues and pollution for local residents.• The environmental impact will be significant in terms of local wildlife, local residents enjoy these spaces and vistas and it is important that we maintain these for future generations in an already heavily built up area.• Further building will only add to issues with surface water and drainage.
