What is the application for?:	Outline permission for residential development and facilitating engineering oper
Address of the site or building:	Land at Walkley Terrace and Brunswick Street, Heckmondwike
Postcode:	

## User comments

Type of comment: An objection
<p>from my own view and living here for 17 years i don't see how the roads will cope from the extra traffic while the build is happening and after.</p> <p>there is no way a truck of any size as the space to enter from Horton street, this will totally block all access to many houses while and id the build happens.</p> <p>can i also say taking away green land in a small confined area is totally irresponsible while there any many fields in more open areas close by to build in !!!!!</p> <p>there are no spaces in the schools within a 5 mile radius so please tell me how you as the the council will deal with this as from my investigations i believe a new school will be required for both junior and senior with a cost that the council will not be able to afford.</p> <p>but the main issue is traffic increase that roads can't take in normal weeks while schools are working not in school holidays.</p> <p>please except my objections</p>
