Dear sir,

I would like to object to the following reference 2018/91661

As this will cause more traffic to this area, school hours are horrendous as it is.

The wildlife will be destroyed.

massive environmental impact.

Noise and dirt from work-site to the area.

Houses have already been built in the area causing traffic jams parking on the streets.

Please re think as this is a lovely walk way for dog walkers, and the wildlife.
