<p>Dear Sir / Madame</p> <p>I write in connection to the above planning application, I have examined the plans and and I wish to OJECT STRONGLY to this new set of plans for this site and the development of these dwellings. I have now lived in this location for three years and enjoy all the wildlife and the quiet of this area and and this will be gone when the woodland has been cleared.</p> <p>The noise in this area will be greatly increased due to heavy vehicles when work starts and the roads in the area will get congested even more than they all ready are, i find it hard enough to cross walkley lane with the current traffic as there is no crossing points .</p> <p>I am worried about about my foundations being compromised when works start can the council guarantee this won't happen? Also on the plans i will have property number 42 to 45 overlooking my property back garden.</p>
