What is the application for?:	Outline permission for residential development and facilitating engineering oper
Address of the site or building:	Land at Walkley Terrace and Brunswick Street, Heckmondwike
Postcode:	

User comments

Type of comment: An objection
<p>This old railway line is a breath of fresh air and oxygen for an otherwise congested area. It is a facility for the local people. I can imagine life would be made miserable for everybody in the area as it is infilled.</p> <p>Most importantly this railway cutting is an important link between the spen Valley Greenway and the spring valley ringway.</p> <p>These two life enhancing projects need linking, in a time of increasing obesity and sedentary lifestyles to infill this cutting and put houses on it for some someone's personal profit seems contrary to every piece of advice without by healthcare professionals and by government strategies</p> <p>Greenway and the Greenway need connecting, not permanently separating</p>
