

To: Planning ContactCentre
Subject: Planning Reference 2018/91661

To whom it may concern,

I am writing in objection to the above planning application.

Without doubt, if planning is approved, this will be detrimental for both local inhabitants and the environment for a number of reasons including:

- Increased congestion in Heckmondwike, where traffic is heavy already.
- Increased noise pollution.
- General Pollution from waste.
- Lack of local school places.
- Reduced green space.
- Impact on the local wildlife and ecosystems.

The application should not be approved.
