**Subject:** WALKLEY LANE / BRUNSWICK ST PLANS

hi I live on Brunswick st I've never had one letter to my house letting me know about the plans to screw the local traffic even more and building the houses in the lovely old railway cutting.

Can you tell me;

- 1) should close residents such as me get letters
- 2) if not, why didn't I get one, earlier in the year for the firsts application or recently for the second

Despite walking my dog in the railway cutting from Horton st to walkley Lane, I have only seen and heard about this from OTHER RESIDENTS. No signs on lamp posts (someone keeps taking them down) etc. I read the local papers and did not notice but I must have missed it.

I need to know if I can still submit an appeal on behalf of my address.

Thanks
