Subject: Impossible to attend meeting

Dear

I am writing to raise my objection to the proposed time and date for the suggested meeting with the developer re the railway cutting Walkley Terrace/ Brunswick Street. I believe this was suggested by the planning committee as a way forward to resolve the concerns raised. The developer has arranged a meeting with only one weeks notice and at a time that is impossible for most people as they will either be at work or collecting children from school. Surely the idea of the meeting was to allow interested parties to attend but it seems as if the time has been chosen to specifically to prevent most people from attending and is therefore just a paper exercise. This obviously does not meet your expectations of public involvement and I also understand the developer will not be in attendance just his representative.
