**Subject:** Planning Railway Cutting, Horton Street, Heckmondwike

FAO Mr

I'm writing with regards to the application for outline planning permission for over [70 houses within railway cutting at Horton Street in Heckmondwike](#), as a local resident and with regards to the Planning Committee meeting a few weeks ago where the decision to give outline planning permission was deferred on the proviso that a public meeting between the developer and local residents with objections were given the opportunity to discuss the matter,

I believe at the meeting a few weeks ago one of the Panel Committee said "Many of local residents have rejected to this application and they need to be listened too.

The developer has advised that the meeting will take place [on Friday December 14th at 3pm](#). On behalf of myself and other people who work for a living and contribute toward paying Council taxes and for those who have to pick children up from school, I would like to know your thoughts how the developer can set this meeting up at such a ridiculous time of day when Local people are unable be attend Therefore this is not giving people a proper and fair platform to deal with this.

Surely the idea of a meeting is to be transparent and open to dialogue and suggestions on both sides but this is the exact opposite and just looks to be a paper exercise.

I find this totally unacceptable that this developer can dictate when and where this meeting is to take place?? and the fact that he isn't going to be attending.

I would be interested to know your thoughts on this matter.

Regards
