I am writing to object about the houses to be built at gernhill avenue. I leave live on lightridge road and the traffic is horrendous and dangerous now. With all the house's being built this will only make it worse especially with the school just down the road. My other concern is for the wildlife of the birds and bats which i watch every night. The will full destruction of there habit is appalling. The destruction of green belt areas is happening far too often with no consideration for the wildlife and safety of pedestrians. Again the pollution of more cars and noise should be considered for the residents.
