

Subject: 128 HILLHOUSE LANE

Dear Sirs,

I observe a planning notice for above property for change of use from bed shop to hot food takeaway. I would like to support this application as it will reduce anti social behavior,better for the community and business.At the moment its dark and dump place due to lack of business at the premises.

This will create local employment for local community and would help crime prevention and it will be regeneration in this part of the Hillhouse area.

Hope you would give positive consideration to the application.
