Hi Anthony,

The waste will be disposed of in a roller container similar to the link below. It will be housed in the hay store and is specially manufactured to contain up to two horses worth of waste. It will be emptied at regular intervals by a waste removal company.

Yes, the client is happy to agree to the extension of time.

Kind Regards

Hi Amy,

I'm just writing this one up for approval and need to address the issue of waste. Can you advise how this will be dealt with? We just need to ensure there would be no runoff into the stream (via the SUDs system previously approved) and no impact on residential amenity.

I'd hope to get this through by the end of next week at the latest, can you agree to an extension of time until 18/01/19?

All the Best for 2019,

Regards,

Anthony Monaghan
