Address of the site or building:	rear of, 9, Riley Lane, Kirkburton, Huddersfield, HD8 0RZ
Postcode:	

User comments

Type of comment: An objection
<p>I feel this is a very ill considered application, you could not pick a worse location to build a property. The access will be a nightmare as vehicles have to frequently stop at the bottom of Riley Lane where the proposed drive entrance will be to allow traffic descending Riley Ln to pass the parked vehicles on the other side. At this point Riley lane is mostly a single carriage way. this will only get worse with the removal of the yellow line restrictions next year.</p> <p>I cannot contemplate the chaos of building works , site access etc for diggers trying to excavate this hillside in this narrow part of the lane. The applicant of course has access via Riley Park so will not be inconvenienced by this, likewise they will be unconcerned about the lose of the rural beauty having succeeded with the investment plan and move on anyway. What about the lamp post ?</p>
