Type of comment: An objection
At the bottom of Greenhead lane at the junction with the main Wakefield rd which is approx 100 yds away from the proposed site,there are several shops/retail units that offer different types of services etc and are more ideally placed. The main point is that amongst these units there are generally 2-3 of them that are either permanently unoccupied or have a large turnover of businesses.. Therefore my thoughts are that it would not be a suitable placing of a retail unit on that specific,site in a residential area. The site is actually on a very fast rd,it is not supposed to be but it is used as a 'rat run' and is also on a slight bend in the rd which out of all of the full length of Greenhead Ln, this is the exact place of the only 'pinch point' (slight bend,rd junction opposite,heavy/dense parking ,we did in fact actually ask for 'speed bumps' to be placed that you may still have records on file... I hope this information is helpful.
