Regarding the plans for the retail unit AJ to 33 Greenhead Lane. This is a residential area with a very busy road running adjacent to the site, cars already travel over the speed limit, and park at both sides of the road. This already causes poor sight lines for traffic travelling down the hill. We cannot see the need for retail units in this area we are well catered for already. There are two trees with TPO on them, this was the case with an adjacent site and due to root damage these had to be cut down. The parking area adjacent to the building will not be used with further cars blocking the road. Greenhead Avenue is just across from the entrance to the site this Avenue is used by large articulated vehicles on a fairly regular basis. Our understanding was that the site was sold by Kirklees for residential housing not retail. The notice for this application is not displayed in a prominent position.
