Subject: Planning application No. 2018/93006

Ref. Planning application no. 2018/93006

Dear Sirs,

We wish to raise an objection to the planning application referenced above. We live within 50 yards of the proposed building plot and are concerned at the implications of a retail unit being built on what is already a very busy residential area which suffers from excessive on-road parking and through-traffic and feel the addition of a retail unit positioned on greenhead lane would exacerbate these issues and attract the gathering of youths and potential anti-social behaviour as well as traffic problems/congestion in a residential area, and possibly attract crime. Greenhead lane already suffers from speeding traffic up and down the road and may prove a risk to persons regularly getting in and out their vehicles to use the facility as well as the additional pedestrians it will attract. Parking for residents is already an issue and the addition of a retail unit would increase these problems. Also the area already benefits from several coffee shops/fast food outlets/hairdressers/beauty parlours etc, thus we do not see the need for another retail unit in the area.

Yours faithfully
