**Subject:** Planning application 2018/93091

I am contacting you regarding the above application at 32 Chadwick Crescent, Dewsbury, WF13 2JF.

Having viewed the plan online, it would seem to lack any detail as to the proposed change (no side or end elevation?), it would also seem to take up a big percentage of the garden & would change the line of view along the rear of this run of properties.

Unfortunately other recent building developments on the estate appear to have taken a long time & would appear to lack professionalism and some have been completed in a piecemeal fashion - this would be a concern if this was to be the case here.

Due to a curve in the road at the front on this property, there is a further concern about the location of any skips & or vans/wagons. Access to the rear of the property is also extremely tight & you would wonder how any machinery could be used to the rear of the property.

Awaiting your response  
Regards
