Re: Planning Application Ref: 2018/62/93539/W - 16 Towngate, Upperthong, Holmfirth

To whom it may concern,

I write to inform you that the applicants consulted us at various stages during the design process for their planning application.

We support the scheme as we believe the design is sympathetic to the area and will provide a community benefit by bringing a redundant building of 7+ years back into use.
