Dear Sirs, I am concerned about the planning application. This site is historic, and should be treated as such. If a cafe is considered essential, surely it should be a small tea room designed to fit in. I agree the site should have information points, boards or something similar. A cafe/restaurant with two bedrooms is just not a suitable structure for this wonderful place. A lot of people think that would be the thin edge of the wedge towards a larger building. Please consider very carefully what you could be allowing here on our beautiful hill. Thank you
