This huge application has been considered and rightly rejected by Kirklees Council on previous occasions. The site is the most prominent in the district and the historical importance is unmatched, Green belt of course. Nothing has changed since the previous refusals which the present application repeats. The one change is that the applicant Mr. Malcolm Sizer was until recent retirement, the head of the Kirklees Council Planning Department, and the application suggests that he knows a trick which will win an approval. Otherwise no change from before. We trust that the Inspector will maintain previous refusals.
