Address of the site or building:	Victoria Tower, Lumb Lane, Castle Hill, Almondbury, Huddersfield, HD4 6TA
Postcode:	

## User comments

Type of comment: An objection
<p>I object to a restaurant / hotel being built on Castle Hill planning application no.2018/93591</p> <p>It should be kept as an open heritage site of archaeological significance.</p> <p>A public amenity for all,</p> <p>The increase of traffic and people staying longer to drink, eat and sleep will cause a parking problem</p> <p>Viewing from the top of the tower will look down on the roof</p> <p>The lights at night will cause light pollution</p> <p>The access to toilets / education facilities are very limited.</p> <p>The implications of this planning application are far wider than the immediate surroundings, the Victoria Tower can be seen from long distances, If there is to be anything on Castle hill it should be put to public consultation including the wider Kirklees. I believe not many people in the wider area know a planning application has been submitted, it is an iconic site enjoyed from afar as well as actual usage.</p> <p>There will be more cars on site during the day and the cars of people staying at the hotel plus the building itself will detract from the beauty of the area including watching the sun rise and set.</p> <p>Since the previous building was removed I understand more people visit Castle hill to enjoy the open aspect, walk/exercise, fly kites, picnic, enjoy the wind and views.</p> <p>To pass this application will cause restrictions which will limit the free use which is there now for the benefit of those who can afford to use the hotel and restaurant ,</p> <p>Please do not pass this planning application.</p>
