Subject: Planning application 2018/62/93591/W

Good afternoon.

who objected to the proposed restaurant with rooms on the summit of Castle Hill. I was appalled by the rambling discussion at the sub-committee on January 3rd and the subsequent reports in the local press which seem to indicate council support for the abomination.

Can you please respond to these questions:-

Has a date been set for a decision to be issued?

Is there a statutory time limit for decisions to be taken?

Can the project be referred back to the applicants without public notice?

Many thanks,
