## User comments

Type of comment: An objection
<p>I object to the proposal on the following grounds:</p> <p>The proposed development is not in keeping with the stylistic context of the local area and will adversely affect an ancient monument or site of cultural or architectural value. i.e it is a modern architectural style using contemporary materials in close location to the existing Jubilee Tower and scheduled ancient monument status of the site.</p> <p>The development may cause traffic problems such as traffic generation, access or safety problems and local infrastructure is not adequate to service the proposed development. Access to the site is poor and will increase traffic around the site, including large commercial vehicle deliveries.</p> <p>With regard to the above issues, the proposal is an inappropriate development within a green belt.</p>
