For the Attention of the Tree Surgeon

Dear Sir or Madam

I am enclosing application for the removal of T3 Oak Tree at the above address subject to your inspection for the following reasons.

The Tree has dropped many branches over the years both large and small. The situation has become much worse over the past few years with increase in small branches dropping and in addition fungal growth.

I asked a tree surgeon Nigel at Tree Solution for is opinion of the condition of tree due concerns of possible damage to property and people. He said in his opinion the tree with the Fugal growth showing indicating clear signs of rot and in addition the tree was having difficulty supporting some of the branches. In his opinion the tree was unsafe and should be removed.

I am enclosing photographs in support of the application with location of the tree and look forward to hearing from from you in the near future to arrange for your inspection and conclusions.

Yours faithfully

Barry Park
