Type of comment: An objection
I am writing in relation to the planning application no 2018/93974. My primary concern is the sheer size increase of the extension and 8 bedrooms would suggest a much greater level of occupancy in the property. This in turn would mean a much higher level of people traffic, noise and further parking problems on a very narrow cul-de-sac. My second concern is of the appearance of the three story extension at the front which I feel would ruin the aesthetics of a row of similar properties and look completely out of place next to my own property. Bland Street has always been a family orientated area. With myself having a young family, my concern is that if the property was to be used for letting purposes, it would increase the potential to bring noise and antisocial behavior to the area. I hope you take into consideration the points I have raised when making your final decision.
