this property had been used by the proprietor for over 6 months as an Air bnb and has caused significant disruption to neighbours, particularly resident parking in strict Parking Permit areas for residents only outside numbers 20 to 2 Cambridge road. this area has regularly been blocked so that resident have to park in less secure locations across the road and on 15/1/19 non-permitted cars were parked blocking out this whole area. No 12 has put up a cursory sign which is of no use. NOISE from the accommodation and residents arriving very late in the evening, stag parties etc, have kept awake local residents and as can be see on Tripadvisor, some of the guests of the location. sufficient measures must be secured for residents to be able to park in the designated zones without interference from guests of no 12 and appropriate signage must be clear, bold and have a map of the area. Parking services would be very advised to visit the street regularly as there are cars which should be ticketed on a daily basis. many thanks
