Type of comment: A general comment
There are considerable problems in George Avenue with on-street parking exacerbated by both the existence of the school at the top of the street (staff parking all day and parents parking twice a day) AND by residents failing to park their cars on their drives. There have been several extensions to houses on the street which have reduced the capacity of drives and this makes the situation worse. While I have no objection to an extension on this property, I would like to flag up the need for any extension to leave sufficient space on the drive for a car to be parked off the road.
