Dear

Thank you for your email below which has been forwarded to me by Mathias as it relates to the current application referenced above.

As you may be aware, the application was deferred by members of the Heavy Woollen Planning Sub-Committee in October. The application is to be reported back to the Heavy Woollen committee on 9 January. The agenda for that committee, along with the officer recommendation, will be available to view on the website at least 5 working days before that committee.

The comments that you have provided will be reported to members of committee and taken into

account when determining the application.

Kind regards

Julia Steadman

Subject: HARRISONS BUILDING, PLANNING NO: 2019/90155

Good morning Mathias,

I'm writing to you as a local businessman in Dewsbury, and I've invested a significant amount of money in Dewsbury town centre, I've also been working with
to safeguard the future of Dewsbury town centre.

I have been following this planning application because, I believe should this planning application be approved then it would be detrimental to the town, it would kill the town, a final nail in the coffin.

The only access to this building is from Huddersfield Road, and despite the fact their's only maximum 40 parking spaces, and he's privately advertising to cater for upto a 1000 people and it's the building has been designed to hold upto a thousand people, the main route into the town from Mirfield and Ravensthorpe will be gridlocked it will be mayhem and the funny thing is you guys are buying the fact that it's for only 200 people and that people will be bussed in etc, you know that's all fabrication, this will be a wedding hall, people will come in convoys in fancy wedding cars, no one use buses these days, maybe someone needs to go and monitor some wedding halls and you'll see what I mean, If this permission is granted for a wedding hall then all the good work that's been done for Dewsbury town, now and the future, it will all be undone.

I have heard that the planning department is seriously considering granting the planning permission, please take these points into consideration, and please call me to discuss this further, the future of the town depends on it.

Kind regards,
