Type of comment: An objection
I feel this is overdevelopment of the school building/site to encourage an increase in the number of pupils attending this school rather than to manage the numbers already there. There will be an increase in vehicles and pedestrians on st Helens gate which is an already problematic road at school time. A potential increase in pupils numbers causes concern for the numbers of pupils allowed in the main, historical, building at one time - there are known issues with small corridor's and the size of the dining hall which cannot cope with the current number of pupils. I'd like to see this addressed before bidding additional classrooms to accommodate a potential increase in pupil numbers as mentioned in the planning application.
