

4th April 2019

Dear Sirs,

Application 2019/90725
Case Officer – Rebecca Drake

I would like to object to the above planning application. There are Grade 11 listed houses in this area and mostly woodlands which would be spoilt by building a block of flats. Busker Lane is very narrow and at times extremely busy with the extra cars going in and out of a care home a block of apartments would be going over the top.

Busker Lane has been a nightmare over the last few months with all the traffic parked on it by the people employed to build the care home. It has been very hazardous for people who already live on Busker Lane getting out of their properties. Also nowhere for traffic to go when there are some coming up and some going down..

Yours sincerely
