

Dear Kirklees Planning,

This is a resubmission of application 2018/62/93352. Following discussion with Mr Jason Hammond it was decided that a resubmission would be made after the application 2019/90216 was refused. Mr Hammond deemed that a decision could not be made under an NMA so it was decided to resubmit under the original application.

All details remain the same except for the side and rear facing materials of the first-floor extension. It was stated that the fee for a resubmission would be exempt in this particular instance.

Thank you

Alex F
