What is the application for?:	Use of land for provision of camping facilities, formation of camper van and ten
Address of the site or building:	Land adj, lock 38, Marsden Lane, Marsden, Huddersfield, HD7 6AF
Postcode:	HD7 6BN

User comments

Type of comment: An objection
I would like to object to this application. This site is not suitable for a campsite for the number of tents, camping pods and camper vans suggested in the plans. The number of vehicle spaces on site is far less than the number of vehicles that are likely to visiting. There are already parking problems in the area due to the number of residents cars. This site will only add to existing difficulties by attracting additional vehicles that it is unable to accommodate. Also, there nothing to suggest that there will be staff on site 24h a day when the site is in use to ensure that users behave appropriately. This leaves the area open to abuse, vandalism and excess noise when in use, especially at night. Marsden is already overrun by ale trailers at weekends, how long before this site attracts ale trailers or stag or hen parties? The access track is not suitable for use by the number of vehicles that would be attracted to this site and would require alterations that would negatively affect the character, landscape, Flora and fauna of the area. A bushcraft activity day centre is one thing, but this is a residential area and is totally unsuitable for this development.
