OFFICER RECOMMENDATION

2019/91122

DISCHARGE OF CONDITION A.4 , SCHEDULE 2, PART 1, CLASS A GENERAL PERMITTED DEVELOPMENT ORDER

1. Procedural Matters

Prior notifications for the erection of single storey rear extensions to dwellings are considered against the requirements as set out by the Town and Country Planning (General Permitted Development)(England) Order 2015 (as amended) Schedule 2, Part 1, Class A, condition A.4.

Proposals pursuant to Class A are permitted subject to limitations set out in paragraph A.1 and in the case of Class A.1 (g) subject to the discharge of condition A.4. This proposal relates to development pursuant to Class A where condition A.4 is engaged and for the purposes of this assessment only the limitations for Class A.1 (g) and requirements condition A.4 are considered. Other limitations within Class A are not considered other than where, in the opinion of the Local Planning Authority, the development does not comply with the limitations within Class A of the Order. Ultimately the responsibility to ensure the development is carried out in full accordance with any planning permission rests with the applicant or property owner/occupier.

Limitations for Class A.1(g) Development

Is the site within a Conservation Area, Article 4 or SSI area?	No
Is any part of the proposal clearly outside the curtilage of the dwellinghouse?	No
If the house is detached and from the information submitted, does the extension extend more than 8 metres from the rear of the original dwellinghouse?	No
If the house is not detached and from the information submitted, does the extension extend more than 6 metres from the rear of the original dwellinghouse?	No
Does the proposal exceed 4 metres in height?	No
Have permitted development rights been removed from the property?	No

Condition A.4

As part of the notification procedure, the Local Planning Authority notify owners or occupiers of adjacent premises of the proposed development by serving notice and allowing 21 days for objections to be made. The Local Authority shall take into account any representations made as a result of the notice given.

Consultation start date: 03/04/19
Consultation end date: 24/04/19

2. Objections

No objections received

3. Assessment

Planning records indicate that the dwelling has already been extended at ground floor level under application 2000/91990. The agent has confirmed that this existing extension would be removed and the new extension, of the dimensions set out on the application form, would be attached to the original dwelling.

No representations have been received and as such, there is no requirement to assess the proposal. Therefore it is deemed acceptable under the requirements as set out by the Town and Country Planning (General Permitted Development)(England) Order 2015 (as amended) Schedule 2, Part 1, Class A, condition A.4

4. Recommendation

Prior approval is not, therefore, required.
