Subject: Application Number 2019/91231

Good morning,

I would like to make a comment on the application due to the fact that as stated in the leasehold agreement that all residents signed upon buying their house there is a restriction on the properties that contractually prevents any businesses being run from these properties.

On a personal note, although it also states in the plans that there will be no extra cars or footfall, I am unsure how accurate this would be and as space is already at a premium around the local area regarding parking and if the planning was to go ahead I feel that this could get progressively worse over time and directly impact the value of my property.

For the reasons stated, I would not like these plans to be approved.

Many thanks for taking the time to read these comments.
