## User comments

Type of comment: An objection
I believe this is listed in the doomsday book? It was definitely a meeting place for the Luddite and we need to keep our heritage as many pubs and places of significance are being demolished in order to build houses. We don't need houses we are oversubscribed in our schools, doctors and dentists already. For once please listen to the community. This little pub could be a goldmine if only it's owner invested in it!
