This application is totally wrong as this is an historic building and ne de to be preserved for the community. This area has a unique history with the Luddite revolts and this was a meeting place for workers at that time. It is irreplaceable history and part of all our heritage. To do this to this building would be an irreversible vandalism of our history and the working class culture of our area and should not be allowed to proceed. It will also adversely affect the character of the area.
