I wish to object to the proposed demolition of the Shears public house on the grounds that the building forms a significant part of our local history in terms of the industrial revolution and the Luddite uprising. I was taught about the Luddites as part of my early education and was delighted to be able to visit the Shears as part of the Luddite trail. I believe it is important that such historical buildings are retained for the benefit of current and future generations. The Shears is an asset to Kirklees and a major part of our heritage and should be retained and publicised as part of the regions industrial tourist attraction.
